30 W Huizache St.  
Roma, TX 78584

Dear Julio:

Congratulations! You completed all of the requirements for the Business Foundations Program Certificate and should be proud of the tremendous effort that you put forth. The eight courses that comprise the program are meant to provide a foundational understanding of business, which can be applied in any area of study. Your completion of the program warrants recognition and validates your business skills.

To this end, the Business Foundations Program requires that you complete twenty-four credit hours. Students select eight courses from ten available offerings, including:

- A statistics/mathematics course
- An economics course
- An accounting course encompassing financial and managerial accounting concepts and practices
- A management information systems course
- A marketing course concerned with marketing systems, activities and strategies
- A finance course including business finance, investments and financial markets
- A course in the legal environment of business
- A management course in operations, strategic planning and organizational behavior
- A course in international business
- A course in entrepreneurship

On behalf of the faculty of the McCombs School of Business, I congratulate you for completing the Business Foundations Program and ask you to accept the accompanying certificate, indicating your fulfillment of the Program's requirements.

Sincerely,

A handwritten signature in cursive script that reads "Regina Wilson Hughes".

Regina Wilson Hughes  
Distinguished Senior Lecturer in Finance  
Director, Business Foundations Program
